

Goodeid Preservation

A different way of looking at Goodeid
preservation and future plans

Chris Neal

My Fishroom

- *Allotoca goslinei*
- *Allotoca meeki*
- *Goodea gracilis*
- *Skiffia lermæ*
- *Xenotoca melanosoma*
- *Xenophorus captivus*

- Bi - weekly 50-70% water changes
- Diet of flake, frozen, and live foods.

Making a Difference – Choosing Species

- Threatened Status
- Species numbers
- Limited tank space
- Anything can happen at any time
