1859. GIRARD, CHARLES. "Lucania collected in the Vicinity of the City of Mexico." *Proceedings Academy of Natural Sciences Philadelphia*, xi, 118-19. 1859. Ichthyological Notices, ii.

A cyprinoid of peculiar shape, collected in the vicinity of the City of Mexico in 1853 by Maj. W. Rich. The specific name originally selected was *L. Richi*, but by a singular oversight it disappeared from the text while going through the press.
